ORDERS AND CUSTOMER SERVICE

For Ordering and Customer Service:

Phone: (512) 301-1949
Fax: (512) 301-7338
E-mail: customerservice@rymedtech.com

Mail: RyMed Technologies, LLC
6000 W. Wm. Cannon Drive
Building B, Suite 300
Austin, TX 78749

The minimum order for any product is full case quantities. All orders should be directed to RyMed Technologies, LLC Customer Service Department. Customer service hours are 8:00 am to 5:00 pm, Central Time Monday through Friday.

SHIPPING:
Products are shipped domestically via Truck Carrier, Federal Express, or United Parcel Service from Austin or El Paso, Texas (freight cost borne by RyMed Technologies, LLC). Express service and/or Drop Shipments are available at the request of the customer (freight borne by the customer).

PAYMENT TERMS:
All orders will be billed at current prices at the time of the shipment. Terms are net 30 days for domestic accounts. A service charge of 1 1/2 % per month will be charged to overdue accounts. All prices are in U.S. dollars, and are subject to tax, if any. All prices are subject to change without prior notice. Outside the United States, terms are prepayment by wired funds or letter of credit on sight.

RETURN GOODS POLICY:
Requests for returns must be addressed to the Customer Service Department. If the reason for return is approved, RyMed Technologies, LLC will assign a Return Goods Authorization Number (RGA#). RyMed Technologies, LLC will not accept any return without a RGA#. The RGA# must appear on the package returned to RyMed Technologies, LLC.

RETURN GOODS ALLOWANCE POLICY:
A. Products shipped in error: Full credit, Freight Collect.
B. Products less than six months old: 75% credit, Dealer pays freight.
C. Product more than six months old: No credit.
D. Obsolete or discontinued products (not listed in current price list) - No credit.
E. Unsalable merchandise returned will be destroyed - No credit.

OUR MISSION

RyMed Technologies, LLC is committed to improving patient outcomes aimed at intraluminal catheter-related bloodstream infection prevention and intraluminal thrombotic catheter occlusion reduction by providing innovation product solutions possessing bona fide fail-safe engineering design technologies.

RyMed Technologies, LLC's revolutionary products empower healthcare providers to successfully apply proven infection control, catheter care and maintenance practices which support the national goal to deliver healthcare that is safe, cost-effective, and easily adopted.
