

PICC GUARD

---

## **Tamper Evident Patient Safety Device**

- **Protect the Catheter**
- **Protect the Patient**
- **Protect the Hospital**

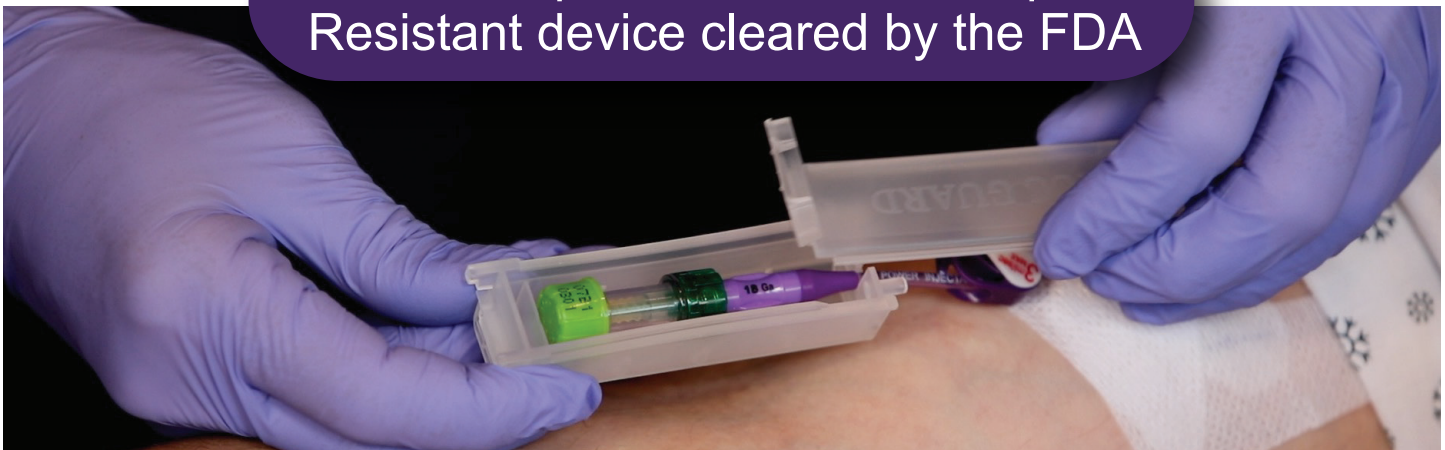

## PICC GUARD

# Seizure Precautions, Fall Precautions, Universal Precautions... What are You doing to Protect Your Catheters from Tampering?

- Less expensive than a sitter or tele-sitter
- Less restrictive than visitor limitations and room confinement
- Allows for the right catheter to be placed for therapy from the onset
- Allows for safer discharges to alternate care settings

**First** Tamper Evident and Tamper Resistant device cleared by the FDA

**To order or for
